THAT BANKRUPT SALE

Is creating the liveliest kind of excitement. On Monday and Tuesday we could not begin to handle the goods as fast as people were ready to carry them away. We have again increased our force of salespeople, and are now able to promise prompt service to all. The reserve stocks have been brought down, all broken lines have been filled up and there is now plenty for all.

Bring this price-list with you, and come expecting more for your money than you ever got

An Earnest Word

Thinking Buyers.

Does it hurt the quality of Children's 85-cent Stockings to sell them at 12 1-2 cents? Does it make a really good Umbrella any poorer to sell it for 48 cents instead of \$1.19, the usual price?

Does it lessen the value of a Blanket to cut one, two or three dollars right off the price? Is a \$5 clock any worse because we chose to mark it down temporarily to 81.97 ?

Not a bit. It makes all these things easier to get. The goods offered at this sale are of jus the same quality as those sold here and in other large houses every business day in

the year at regular prices. To be enabled to sell for a few days at such decided reductions is a capital advertisement for us. It gives you n chance to save money away beyond what

at is possible in ordinary business, It doesn't require any great amount of figuring to see that it will pay to buy now, 250 fine Artogravures, colored facnot only for present needs, but with an eye far into the future.
